

What is ECOSHRED Rubber Mulch?

ECOSHRED was created by Prime Inc. to be the perfect combination of recycled rubber and a very durable, safe, UV-resistant coloring technology that creates a long lasting product that will enhance your landscaping or walkway for many years to come.

Why choose rubber over wood mulch?

Durability | Beneficial for soil moisture | Reduces fungus growth
Strong weed barrier | Longer lasting color | 100% recycled materials

Safe. Durable. Versatile.
